* Grackles going mating display

4-6-70
30th Anniversary of Jim + Claire

Description of bird in triangle:
* Junco size and shape - you would think it was a Junco until you looked close. It had no bib on front nor white belly; in-

stead the breast and belly were grey and black striped—heavy stripe. Dark bill. A light mark on each side just under wing shoulder. Buffy cheeks.
(House Finch ♀)

2 Pil. Woodpeckers in courtship in front of kitchen window
30-40 P. Siskins

* House Finch ♀ (melanistic)
per Jim

4-7-70 - Tues. 37°-52°
Beautiful day - but cloudy

68 Gold Finches
1 H. Finch ♀ (melanistic)
30 to 40 - P. Siskins (back and front)
